

My Recorder Practice Log

“Spectacular performances are preceded by spectacular preparation”

Date:	Name:	Class:
-------	-------	--------

Total Minutes

The time you spend playing your recorder at home is just as important as our work in music class.

Just five minutes a night, five nights a week makes a big difference.

Note how many minutes you practice each day.

Please have an adult initial each day that you practice your recorder.

Try to play each piece several times; work on the trickiest measures more times, then play the whole piece.

Have fun!
